

POLETNA BLUZA IZ RIŠELJEJA

NAVODILA ZA TISKANJE IN REZANJE KROJA:

Pri tiskanju kroja nastavite merilo na 100 %. Najprej natisnite prvo stran in preverite velikost testnega kvadrata, ki mora meriti 5 × 5 cm.

Ko je vse pravilno natisnjeno, razporedite liste po označenem zaporedju – od 1A do 6A, od 1B do 6B in tako naprej.

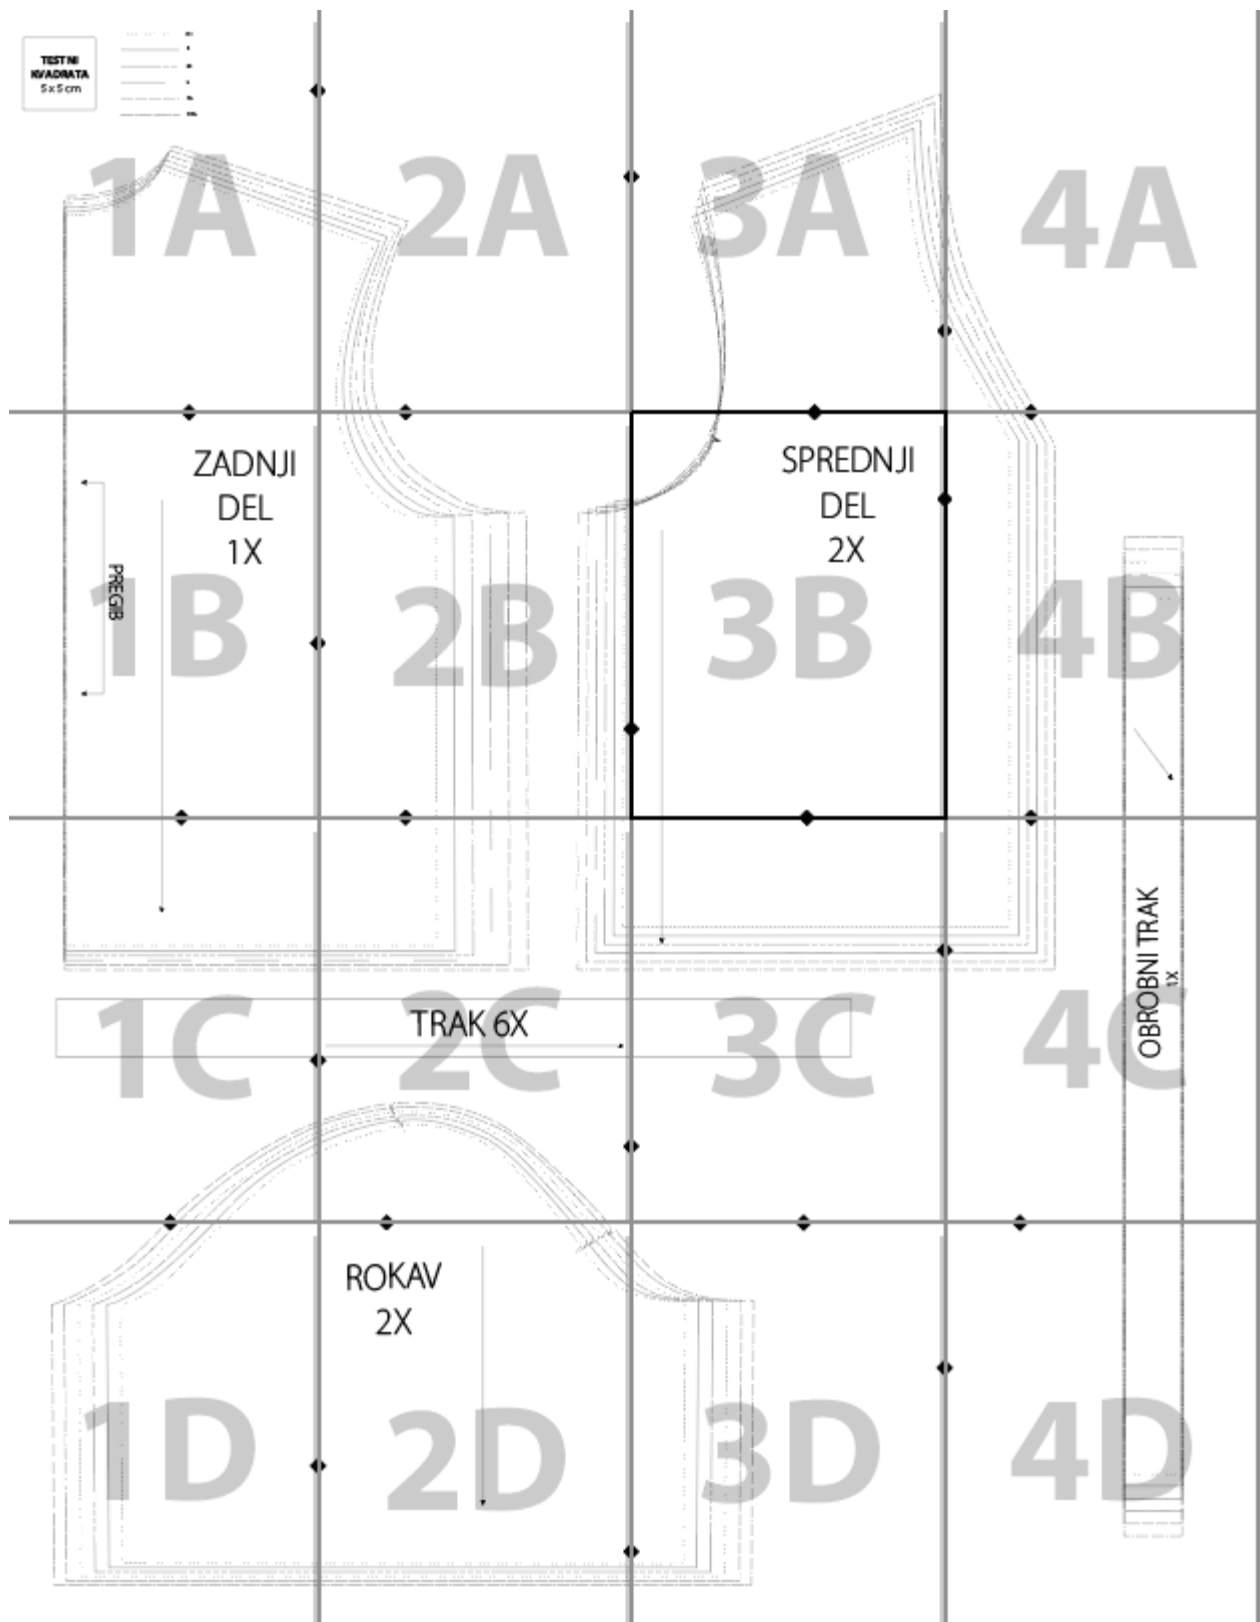

Liste nato zlepimo skupaj in režemo po črtkani liniji.

Dodatek za šiv 1 cm je že vključen v kroju, zato ga ni treba dodajati posebej.

Pri rezanju blaga bodite pozorni na število potrebnih kosov in označbe delov, ki jih je treba rezati na pregibu blaga.

To zagotovi, da bodo vsi deli pravilno poravnani in končni izdelek lepo izdelan.

The background features a series of nested, L-shaped lines in the top left and top right corners, and a series of curved, concentric lines in the bottom left corner. A large, light gray '2C' watermark is centered behind the text. Two horizontal lines with arrowheads at their ends cross the center of the image.

A large, light gray number '4' and an uppercase letter 'D' are positioned on the left side of the page. The 'D' is partially cut off by the right edge. To the right of the 'D', there are four sets of horizontal handwriting lines, each consisting of a solid top line, a dashed middle line, and a solid bottom line, for practicing the letter 'D'.
